COMMITMENT TO
EXCELLENCE

Scott D. Moellenberndt, Superintendent

August 2012

Dear Parents and Community Members:

We are pleased to present our Annual Education Report (AER) which provides key information on the educational progress of Blissfield Community Schools during the 2011-12 school year. The AER addresses the complex reporting information required by Federal and some State laws. Should you have questions or need additional assistance understanding this information, please feel free to contact either Superintendent Moellenberndt or any of our building principals for assistance.

This AER is available on our district website at www.blissfieldschools.us or a copy is available at each of our school offices for review. The report contains the following information:

Student Assessment Data – Michigan Educational Assessment Program (MEAP), Michigan Merit Exam (MME), and Michigan’s Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students
- Provides achievement data for all five tested subjects (mathematics, reading, science, social Studies and writing) for students with significant disabilities (MI-Access or MEAP-Access) compared to targets for all students with disabilities as well as subgroups of students
- Helps readers understand achievement progress within schools and compare these to district and State achievement

Top to Bottom Ranking – Detail Data and Status

Information used to rank schools is based on the development of the Top to Bottom list of schools and their performance. Each school’s Top to Bottom ranking will be based on student achievement, student growth over time, school improvement over time and achievement gaps across all five tested subjects (mathematics, reading, science, social Studies and writing).

Adequate Yearly Progress (AYP) – Status

AYP Status is based on student participation and proficiency in mathematics and reading. Attendance targets must be met for elementary and middle schools and graduation rate targets must be met for high schools and districts.

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8
- Cannot be compared with MEAP results for grades 4 and 8 because there are no national standards

During 2011-12, all schools within the Blissfield Community School District made Adequate Yearly Progress (AYP) in mathematics and reading. All schools in the district also met attendance and graduation rates.

Despite our previous successes, Blissfield Community Schools remain resolute knowing our “Commitment to Excellence” is a journey requiring continued improvement and is never fully attained. Today, as our students prepare to compete in a global marketplace, it is essential they receive outstanding educational instruction that includes exposure to updated curriculum and technology, as well as balanced academic, fine arts, and athletic programming. Blissfield Schools appreciate your support as we continue to focus our efforts in the areas of Student Achievement, Communication, Facilities, Finance and Technology throughout the upcoming school year.

Sincerely,

Scott D. Moellenberndt
Superintendent
