

Hello BCS Parents,

I'd like to thank the BCS Community for their support of the sinking fund. The parking lot/drive project was made possible through the use of the sinking fund bond.

Please see the information below regarding new traffic and foot patterns for accessing the school campus. The wayfinding maps can be found on the District website under the District News Section.

- There will be one entrance and one exit for the high school and elementary school. The old high school entrance is now the main entrance for both buildings and the exit is now where the old elementary school exit/entrance used to be
- There will be no parking in the driveway along the front of the high school by the main office doors. We have added an additional lot adjacent to the driveway to accommodate people needing to access the high school entrance
- Students who walk to school need to use the sidewalk by the new entrance for the high school and elementary school
- High school students who drive to school should enter off of Beamer Road to access the student parking lot
- The intersection to the high school and middle school off of Beamer Rd is now a roundabout (tips for navigating the roundabout can also be found on the District website). The roundabout should always be on your left!
- There is no parking in the drop off/pick-up zone areas for each building. The drop off/pick-up zones are marked with a solid yellow line in front of each building. This will assist in keeping the flow of traffic moving
- The drop off zones are designed for parents to drop students off and go
- The speed limit for all district drives is 15 mph. Please help us keep all kids safe by being alert, following the signs and driving the speed limit
- Students are not permitted to park in the spaces closest to the football field in the high school parking lot. This will need to remain open for bus traffic
- The BUS LOOP is for buses only!

Thank you again for your patience and understanding as we work together through these changes. We are looking forward to seeing everyone on Monday!

Go Royals!
